

Dear Olney Mill Swim Club (OMSC) member:

We hope you had a great summer of 2014. As some of you know, the Board of Directors (BOD) at OMSC has been busy with plans for a major update and renovation to the pool house. The planning of this project has been going on for approximately a year now.

We plan to open for the summer of 2015 with a fully renovated pool house including an entirely new filtration system. The existing filtration system is beyond its usable life and the new system will ensure clean and clear water for years to come. To help cover the cost of these important projects, the BOD finds it necessary to request a special assessment in the amount of \$50. The BOD strives to keep our annual dues as low as possible to cover our operating expenses. An additional increase in dues will also be necessary to fund the repayment of this project over the coming years. To put it simply the annual operating budget and reserve funds will not be enough to ensure this project takes place at no risk to our pool.

Our next board meeting will take place Thursday September 4th at the pool (in the pavilion). As always, pool members are welcome to attend. This gives you, as a member of OMSC, an opportunity to come and vote for or against this special assessment.

Thank You and we hope to see you there
OMSC - Board of Directors
